We thank you for the trust that you have placed in us, and we recognise the need to ensure that you are kept regularly informed and that we are accountable to you so as enable you to commit financially to the vision of the Church. Therefore, we will aim to issue this update on a termly basis.

- **Interest** : The interest paid on our ongoing loan arrangement each year.
- **Loan repayments** : Our mortgage payments on the building.
- **Capital expenditure** : We capitalise any significant identifiable item that will contribute to three years activities; e.g. computers.

You'll notice from above that the two largest items of expenditure are our staff team and our loan repayments.

## Explanation of our income :

**Giving** : It may surprise you to know that KCA relies entirely on the giving of its members and congregation. We have no external sources of income - everything we do is funded by the KCA community of believers and made possible through your generosity. The small proportion of our income that came from hire of the building (approx. £30-35k a year) has been lost over the last 2 years due to Covid-19 which has had a significant impact on our finances.

## Gift aid

Gift Aid is a crucial part of our income and it's so easy for us to access this if we have the right information. If you give and pay tax, please sign a Gift Aid Declaration. The Church will be able to claim an extra 25p on every £1 you give, and if you are a higher-rate taxpayer you will receive a similar tax benefit too! For help with this please contact: [David.Patterson@kca.church](mailto:David.Patterson@kca.church)

## Status:

In common with many charities, the second year of the pandemic has proved more challenging than the first. Our 'traffic light' is turning from amber to red, warning us that we need to boost our income back up to or even above previous levels, or face the possibility of curtailing the services we provide. We have a policy of maintaining an average of £80k in cash reserves, but as of 31 January this year the balance was just over £68k, in comparison to £118k last year.

## Actions:

- We will again be reviewing our expenditure and looking for every opportunity to initiate savings.
- We would ask that you review your giving to KCA :
  - If you have never given before and have questions about doing so, then please ask.
  - If you have been giving regularly but have not reviewed it for a while, then we would ask you please to do so.
  - If you are able, please consider giving to the gift day on the 13<sup>th</sup> March.
- Pray for wisdom as we move forward & for a release of finances in order to enable us to keep doing all that we feel led by God to do .
